Angle connector

Angle connector C 45

Angle connector C 45 90°

Angle connector C 45 180°

Specification

Application area:	For connecting profile rails.
Installation advise:	First attach the lugs then secure the mounting rail in the U-profile.

Technical data

Material:	Steel
Surface:	galvanized

Remark: 2-hole toothed plates must be used for lateral screw connections. Load specifications without C-profile refer to the component not to the connection. Load specifications with C-profile refer to the component that is attached to the end of the profile on both sides.
