SIMA >G< connector

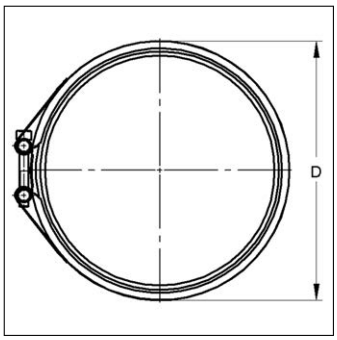

EPDM

SIMA >G< two screws

SIMA >G< two screws

SIMA >G< two screws

Specification

Application area:	Plug connector for cast iron pipe and fittings.
max. pressure load:	0,5 bar
Tightening torque:	6 Nm
Screw type DIN 912:	hexagon socket, M6 (SW 5)

Technical data

Material:	Steel
Surface:	Zinc-Aluminium
Material turnbuckle:	Steel
Surface turnbuckle:	Zinc-Aluminium
Material cuff:	Rubber EPDM
Temperature resistance:	-35 up to 80 °C

Remark: For pressure loads above 0,5 bar the SIMA-Cramp grip connector should be used.
