SIMA RAPID connector

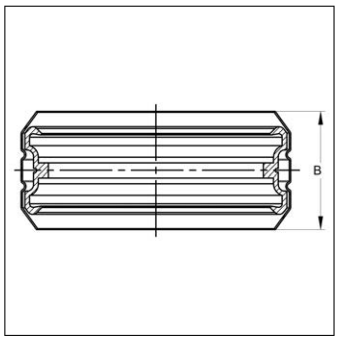

EPDM

SIMA RAPID

SIMA RAPID

SIMA RAPID

Entspricht DIN EN 877

Specification

Application area:	Plug connector for cast iron pipe and fittings.
max. pressure load:	0,5 bar
Screw type DIN 4762:	hexagon socket

Technical data

Material:	Ferritic chromium steel
Material turnbuckle:	Stainless steel
Material cuff:	Rubber EPDM
Temperature resistance:	-35 up to 100 °C

Remark: For pressure loads above 0,5 bar the SIMA-Cramp grip connector should be used.
