Profile rail untoothed, perforated

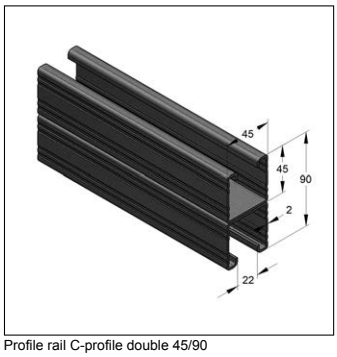

Profile rail C-profile 27/18

Profile rail C-profile 35/21

Profile rail C-profile 45/45

Profile rail C-profile double 45/90

Specification

Specification: untoothed, perforated

Technical data

Material: Stainless steel

Remark: Protecting caps see Chapter 2a and 2c. For a technical overview of the stainless steel mounting rails, see the end of chapter 13. Our application engineering department will provide a design in accordance with DIN EN 1993-1-2 (EC) for applications in the event of fire. A design in accordance with FM is carried out by our application technology department.

Dimension [mm]	Length [m]	Material type	Weight [kg/m]	Bundle [m]	Packing unit [m]	Part-No.
27/18/1,25	2	V4A	0,610	800	20	0800150
35/21/2,00	3	V4A	1,21	1080	18	0800151
