Stex - console

Stex console 35/35

Specification

Application area: Console for the production of cantilever structures for the support of suspended and standing pipe loads.

Technical data

Material:	Steel
Surface:	galvanized
Global safety coefficient:	1,35

Remark: Permissible load at a yield strength of $\sigma_{zul.}$ = 160 N/mm^2 and a max. deflection of f = L/150. All load specifications refer exclusively to static loads.
